

“And God is able to make all grace abound to you, so that in all things at all times, having all that you need, you will abound in every good work.”

— 2 Corinthians 9:8

EVANGELISM

as a lifestyle

ShareHim's goal is to mobilize and train laymen to be active in a lifestyle of evangelism.

Do you have a desire in your heart to lead people to Jesus? ShareHim invites you to begin “Evangeliving!” Whether it’s across the world or in your own neighborhood, you can take part in fulfilling the Gospel Commission. ShareHim is a lay evangelistic ministry, which means anyone can be involved! Age is not a criteria, nor is education or prior preaching experience. We’re here to help you live a lifestyle of evangelism!

Homeland vs. International

For those who recognize every Christian’s responsibility to evangelize in their own local community, ShareHim is ready to help ignite the fire! The ShareHim homeland initiative in the United States, Canada, and parts of Europe begins with organizing a local group of evangelistically-minded individuals into an Outreach Leadership Team.

Together they embark upon an ongoing cycle of evangelism that includes deliberate sowing, reaping and discipleship activities in their own communities.

As part of this cycle of evangelism, Outreach Leadership Teams pray for interests, develop redemptive relationships in their community and conduct need-oriented seminars and programs. These are followed by lay-led, full message evangelistic reaping events, and then by specific discipleship initiatives for those

who have chosen to follow Christ. The goal is for the cycle to repeat itself twice a year until Jesus comes, allowing members to truly practice an “Evangeliving” lifestyle. To learn more about these homeland initiatives visit our website and click on the “Resources” link, or view one of the numerous training videos posted online.

In addition to homeland initiatives, ShareHim conducts international lay-led evangelistic meetings in 10 of the 13 divisions of the world church. ShareHim partners with local churches who prepare the spiritual ground before the evangelistic meetings begin. They also follow up and disciple the new believers in their walk with Christ. If it is your desire to preach in faraway lands, go to www.ShareHim.org and sign up for a life-changing mission. The choices are nearly unlimited!

How to Get Started

There are many ways to be an active ShareHim participant. You can organize or join an existing local Outreach Leadership Team and begin “Evangeliving” in your own home town. Or you can sign up today to preach at one of our more than 800 annual international events. You could also help us sponsor a group or student by making a financial donation. The options are many – the decision is yours.

To get started in the homeland, express interest to your pastor, then access the many resources ShareHim has

online. To participate in an international campaign, simply visit the ShareHim website, choose a location and then fill out an online application. If you represent a group, you can suggest a location and date that best suits your schedule. Finally, all that’s left to do is handle your medical, financial, and equipment preparations, and you’re ready to go!

Costs

A ShareHim international campaign is truly a partnership of faith. There are two types of expenses – one covered by ShareHim, the other by you as the speaker or team member.

Through the generous support of financial donors, ShareHim covers your campaign management expenses. The campaign manager travels to your site months in advance to do all pre-campaign preparations, and returns for the duration of the meetings to ensure that the whole effort runs smoothly. In addition, ShareHim provides sermons in your own language and graphics in the local

language. We also cover the travel and health insurance costs for the duration of your overseas trip.

Each speaker and support team member is responsible for his/her own travel and lodging expenses as well as the direct campaign costs (usually \$500) sent head to the local field. Often these funds are raised through the support of your local church members, who then partner in this evangelistic endeavor.

If you are not able to go abroad to preach but still wish to be involved, consider donating towards the direct campaign costs of the hundreds of student meetings that take place each year. If you wish to make such a donation, please visit our website or call us at 866-900-0123.

So what about travel expenses? You can expect to spend an average of \$1,000 to \$2,500, depending on where you travel from and where you're going. To help you plan your mission trip, a complete description of ShareHim's financial plan is on our website.

ShareHim makes it easy!

You might ask, "What about those of us who are not experienced evangelists? What if I end up hiding behind the pulpit, fumbling through my paper notes?"

Well here's the good news: It really is easy with ShareHim! You simply read the script from your laptop computer. ShareHim provides notes and graphics on CD or DVD at no charge to the guest speaker.

Most volunteers borrow presentation equipment from their churches, institutions or friends. Some conferences have equipment they loan in order to facilitate international and local campaigns. If you wish to rent or purchase equipment, sources are listed on the website under "Information for Guest Teams."

Additional Resources

ShareHim has developed free resources for members and churches who are serious about promoting a lifestyle of evangelism. The following are some of those which are available for download on our website:

- **Outreach Leadership Team Handbook:** A step-by-step guide on how to organize and effectively run an Outreach Leadership Team in your local church. The OLT Handbook is designed to promote a culture of evangelism in the life of all participating members.
- **Sowing Resource Catalog:** This resource is filled with hundreds of materials and programs from 39 different ministries for the work of sowing. You can download the 63-page catalog or watch video interviews with the leadership of these ministries.
- **Video Seminars:** Personal evangelism, church planning and Outreach Leadership Team evangelism are all covered in numerous online video seminars.
