ADVENT REPORT

PUBLIC ACCESS TELEVISION PRODUCTION

To Order: 1-877-550-5522 • www.adventreport.com • rlawson@adventreport.com

Local Television Broadcasts—Local Television Broadcasting is a valuable resource for local evangelism and for preparing the community to be receptive to planned evangelism activities.

- ✦ **Public Access Television** is the free local broadcasting service provided by the cable television companies as mandated by the FCC. All residents are entitled to broadcast programs of interest on the local public access television channels free of any charges.

Advent Report is dedicated to sharing the truth of the soon return of Jesus and helping people to develop and improve their relationship with God. One avenue for this sharing is television broadcasting of programs that increase the knowledge of God, His character and His love, as proven by the gift of His Son to provide redemption for all people.

- ✦ **Maximum Potential at Minimal Cost**—The primary goal is to provide the ability to broadcast any, and all, programming produced by the Seventh-day Adventist Church on any public access broadcasting channel with minimal investment in time and equipment while maintaining a high standard of video and audio quality.

- ✦ **Program Content**—Advent Report will consult with each subscribing church or entity to assist in determining the programming content that will be the best selection for the desired result.

To ensure copyright protection, for programs produced by the Adventist Media Center, each sponsoring church or entity must contact the producer (Adventist Media Center, Amazing Facts, etc) of each program to obtain an authorized copy of the program. These programs include the following:

- **Breath of Life** - Weekly series produced by Breath Of Life Ministries
- **It Is Written** - Weekly series hosted by Shawn Boonstra produced by It Is Written
- **The Evidence** - Weekly series hosted by Dwight Nelson produced by Faith For Today
- **Lifestyle Magazine** - Provided Weekly by Faith For Today
- **McDougall, M.D.** - 43 Programs - Provided by Faith For Today
- **[S] Esta Escrito** - Weekly series produced by It Is Written (Spanish)
- **[S] La Voz de la Esperanza** - Weekly series hosted by Frank Gonzalez produced by the Voice of Prophecy (Spanish)
- **Unlocking the Signs** - 23 episodes (Net 05) produced by It Is Written
- **The Appearing** - 5 episodes on the Second Coming produced by It Is Written
- **The Presence** - 5 episodes on the Sanctuary and the Law produced by It Is Written
- **Out of Thin Air** - 4 episodes on Creation and Evolution produced by It Is Written
- **Millenium of Prophecy (NYC, 2002)** - 72 episodes produced by Amazing Facts *(To broadcast any programming produced by Amazing Facts, the sponsoring church or entity must contact Amazing Facts to obtain the appropriate permission.)*

Also available are programs from other SDA broadcasters. Some programs are captured from satellite ministries (Hope Channel, 3ABN, ACN).

Other specific programming may be available upon request and may be captured from broadcast media sources such as 3ABN or the Hope Channel. Any television programming produced by an official ministry of the Seventh-day Adventist church is available with permission of the producing entity. Some programming produced by self-supporting ministries will be available upon request after verification of consistency with official SDA beliefs.

- ✦ **Program Preparation and Customization**—Customizations for broadcast include:
 - Removal of any content that is objectionable to the specific public access broadcasting station
 - Addition of local identification tags to facilitate response from viewers directly to the sponsoring church or individual.
 - Addition of video clips produced locally to promote local church events and to entice viewers to contact the local church

Considering that the amount of time necessary to edit, customize, duplicate, and deliver television programming for broadcast is a potential deterrent to implementing a broadcast plan, the services of Advent Report eliminate the need for a church or individual to accomplish these tasks themselves.

The service provides, to any interested church, entity, or individual, any desired SDA produced televi-

sion program customized for broadcast on the type of media requested by the public access broadcasting station.

Once produced, tapes and DVD disks become the property of the sponsoring entity although they may not be duplicated or transferred to any other entity without specific permission from the producer.

Core programming content is not modified. Typically public access broadcasting stations do not exercise content control other than to prohibit solicitation of funds. Offers of books, CDs, etc. that include a specific request for donations are modified or replaced as necessary to accommodate the requirements of each public access broadcasting station.

Beginning and closing program tags and/or video clips are added to assist viewers in responding directly to the local sponsor, if desired.

✦ **Cost:**—The cost for services provided by Advent Report consist of direct expenses, recurring fees, and service fees. All fees are minimized to ensure affordability for the sponsoring entity with the goal of expanding ministry, not revenue to Advent Report.

- Direct expenses include the cost of tapes or DVDs and postage/delivery costs.
- Recurring fees are fees for services that occur on a regular frequency to support the production of the selected broadcast program
- Service fees variable depending on the services desired and covers the cost of consumable items, program fees to producers (if any), allowance for investment in equipment, and compensation for time spent in program preparation (including customizations). Service fee items include:
- Assistance with development of video clips for use in customization of program content
- Toll-free phone number for local response (cost of phone service and time)
- Fulfillment of promotions and special offers (cost of books, postage, etc.)

All fees are payable in advance. Visa, Mastercard, and Discover cards are accepted.

LIFEdvelopment— The vision of LIFEdvelopment is to involve Adventists in building authentic friendships with unchurched, secular people, and in the process, lead them to Jesus, and provide them hope through support and nurture. This is based on the Biblical models of belonging before believing (Mark 5:19), invitation to a journey (Mark 3:13, 14), and providing hope (Mark 4:33). This type of evangelism is based on sharing your life, interests and values with a postmodern person. The idea is to invite people into community with God and with each other. The venue for evangelism is the workplace, store, health club, school, or home. In telling your story and becoming a friend, a safe environment is created in which a postmodern may explore spirituality. (www.lifedevelopment.us and www.lifedevelopment.info)

- ✦ **Five years ago, the Trans-European Division** of Seventh-day Adventists and Dr. Miroslav Pujic, decided to tackle the problems of declining church attendance, membership, and the general non-involvement and disinterest of an ever-increasingly secular-minded world. As a result of a great deal of prayer and research, LIFEdvelopment.info was born, and has become a force in the Seventh-day Adventist church in Europe to reach today's postmodern culture. Dr. Miroslav Pujic is the director of the General Conference Center on Secular and Post Modern Mission. He is also the author and producer of the LIFEdvelopment concept and materials.

✦ **The LIFEdvelopment seminar shares how you can**

- Clarify and sharpen your understanding of the postmodern culture around you
- Gain powerful tools so you can communicate effectively with postmoderns
- Connect to a network of resources which will equip you to reach postmoderns
- Use simple tools which will help you share the gospel effectively with postmodern seekers

- S Health Expo Panels**—(16 full color panels in any of three sizes, 3'x4'; 4.5'x6'; 6'x8') A health expo is a proven door opener to the public. The expo panels serve as a professional looking backdrop using the eight laws of health while in front of them you can offer a variety of health screening activities.
- ✦ **Duration of program:** In most developing countries it works well to start the expo on a Wednesday and Thursday evening for an hour followed by a health talk of interest the second hour. On Friday night continue the expo hour but the second hour shorten the health talk to a health nugget (the Abundant Living series) of 12-15 minutes and leave the remainder of the time for the evangelistic message. (We like to continue the expo before each meeting up through and including the second weekend to help hold the audience.)
 - ✦ **Manpower needed:** Large meetings with hundreds attending would require 40 church members assisting. It is easy to orient members to use the screening equipment and they get a real blessing from working this way with the public.
 - ✦ **Cost to purchase resource:** Health Expo panels (3'x4' size) and Starter Kit package of screening equipment is \$579 plus shipping. English and Spanish ready for immediate shipping. Most people find the regular size panels the easiest to use and carry (Expo panels 3'x4' without Start Kit is \$390). Starter Kit alone \$250. (Medium size panels 4.5'x6' \$545. plus shipping; Large panels 6'x8' \$799 plus shipping. These larger sizes need up to three weeks for delivery if it is a language we already have listed available. We can work with you to translate the panels into any language but plan on six weeks usually if you have good help that will do the translation.
 - ✦ **Cost to implement resource:** \$150.-\$250. used for making some kind of free standing frames for the health expo panels. We most often use PVC plastic pipe and Velcro the panels to the pipes. Full instructions supplied with each set of panels.
 - ✦ **Given a two reaping event cycle of evangelism per year, this resource can help you in the following way:** People are always interested in their health and the expo, even twice a year gives the public an opportunity to get to know you by returning for additional screening to compare to the previous time.
 - ✦ **Ordering Instructions:** Email us or phone. Email: info@HEResources.com or call direct (423) 290-3737; (423) 421-4193.

- Abundant Living Health Nuggets**—Prepared by the ASI Medical Advisory Group in conjunction with Wildwood Lifestyle Center and Hospital and sold by HER ministry (Health Education Resources), these 12 minute lectures are excellent for a lead-in to evangelistic meetings. The Abundant Living PowerPoint CD is completely text editable (change slide text as desired, add or drop slides) and comes in several languages. The Western series has 26 lectures with images and language targeted to people in industrialized countries, while the Village series includes 25 lectures targeted to people in developing countries. A printable thumb-nail script for each lecture comes on the CD.
- ✦ **Duration of program:** Twelve minutes without a translator, twice as long with a translator. (A shorten version will soon be available, in the meanwhile, you can drop slides yourself to shorten.)
 - ✦ **Manpower needed:** One speaker who likes to share health topics
 - ✦ **Cost to purchase resource:** The combination of all 51 lectures is \$99 in CD-ROM PowerPoint format or in DVD format, or Western or Village series separately \$69 in CD-ROM PowerPoint format only. (We recommend the combination of all the lectures since often when overseas you are asked to speak to different groups, school, cities and villages.)
 - ✦ **Cost to implement resource:** Can use the same equipment being used for the sermons.
 - ✦ **Given a two reaping event cycle of evangelism per year, this resource can help you in the following way:** Most series do not allow for all the lectures to be used so some can be used in the first series and others in the second series.

See With New Eyes, The True Beauty of God's Character— by Ty Gibson: this book is about God. He is extremely beautiful. But you must close your eyes and open your heart to see him. An Endless Falling in Love— by Ty Gibson: A rare synthesis of heart and smart, An Endless Falling in Love is an emotional and intellectual journey of provocative beauty. In these pages you will encounter God as a real person, a person of infinite love and passionate sensitivity. Chapter by chapter, you will feel as though someone has taken you by the hand and escorted you into the divine heart. Once there, you will be convinced that you are the special object of His love. Key Bible truths, often held as dry creedal facts, are here presented as vital insights into the character of God. The Trinity is revealed as the foundational reality of the universe, God as both Self and Other, existing in relational, other-centered love. Creation is then explored as the natural expression of God's desire to reproduce in His image, so that others might know the joy of His love. Eternal life is shown to be a quality of life that derives its meaning from experiential intimacy with God. The Fall, the Incarnation, the Cross and other crucial truths are all set forth against the backdrop of an eternal love relationship with God. 197 pages. Paperback.

Shades of Grace— by Ty Gibson: It has been said, "The genius of a good book is that it explains a familiar subject with unfamiliar newness." Such is the base with this book. Living It Up: Health Tract Series

- ***Making the Most of Every Bite:*** The first in our Living It Up! health tract series. Beautiful full-color tract on nutrition designed for sharing. In this pamphlet you will take a brief look at different cultures that have achieved remarkable health and learn from them. It will also address how you can make the most of every bite by implementing positive, live-enhancing changes—thus improving global health one choice, one person, at a time. 11X17 color tri-fold.
- ***Exercise, Being All You Can Be:*** The second in our Living It Up! health tract series. Beautiful full-color tract on exercise designed for sharing. There are more than 600 muscles in your body. They help make up the most incredible machine this world has ever seen—your body. Muscles prove that you were designed for action. With exercise, your body machine will operate longer, stronger and more efficiently. Without it, the machine rusts and deteriorates. Learn about many of the benefits you will receive by exercising regularly. 11X17 color tri-fold.
- ***Water, Quenching Streams:*** The third in our Living It Up! health tract series. Beautiful full-color tract on water designed for sharing. Our bodies are approximately 70% water. Needless to say, water plays an enormous role in how well we function. Only oxygen is more important to human survival. From brain to bone, water is a vital ingredient. Learn just how important water is to keeping your body in the best of health. 11X17 color tri-fold.
- ***Sunshine, Friend or Foe:*** The fourth in our Living It Up! health tract series. Beautiful full-color tract on sunshine designed for sharing. Studies show that exposing the body to sunlight or even artificial UV light increases the number of white blood cells or lymphocytes. These are the body's primary defense against the onslaught of infection and illness. However, too much sunlight—especially enough to burn the skin—lowers resistance, weakens the immune system and accelerates free-radical damage. 11X17 color tri-fold.
- ***Alcohol, The Viper's Bite:*** The fifth in our Living It Up! health tract series. Beautiful full-color tract on alcohol designed for sharing. Grapes and grains. What could be better for you? Thanks to the media's "feel good" publicity and the wholesome image conferred by mainstream medicine, alcohol is hailed as the social lubricant for finding that perfect someone, the stimulant that infuses you with courage and power, the reward you deserve after a hard day's work, the daily tonic that will keep heart disease at bay. While the media and much of the medical world openly endorse alcohol use, there are other facts worth considering. 11X17 color tri-fold.
- ***Breathe, The Rhythm of Life:*** The sixth in our Living It Up! health tract series. Beautiful full-color tract on oxygen designed for sharing. The simple act of breathing comes in a variety of rhythms. While we may not always be conscious of this automatic function, I believe taking a closer look at how we breathe will have a significant effect on our well-being. 11X17 color tri-fold.
